Public Policy Project Guidelines and Rubric

For this project you will take information gathered about common issues that require public policies, in the six core countries and create a digital poster.

To help you get started review the rubric below:

20 Points -- Images of polices established in each of the six core countries.
20 Points – Each image should have descriptive text on the poster regarding the policies for each country in 50 words or less.
20 Points --- Links to data that support the need for the policy (ies).
20 Points -- Web Links or videos describing the problem that led to policies being established.
20 Points -- Poster is visually appealing.
